The Horizontal Boring Specialists

Lateral Pipe Burster

Powerful.. Smart

- ✓ Hydraulic pulling unit
- ✓ 30 m of 15 mm chain
- ✓ Breaking Cones and adapter for 100 mm polyethylene
- ✓ Hydraulic hose and actuator
- ✓ 25 mm push pipe and 6 mm cable
- ✓ 9 horse Honda power pack
- ✓ Optional kits available for : sewer, water, gas, cable size

The Lateral Pipe Burster units draw a flexible breaking head through existing pipe, utilizing 40 tons of hydraulic pulling power. Including 30m certified heavy duty chain.

The existing pipe is broken apart. New pipe follows the cone automatically replacing the line. The Lateral Pipe Burster units will install any type of pipe up to 200 mm (8 inch) diameter with minimal disruption to the landscape.

- ✓ User Friendly
- ✓ Time saving and easy to operate
- ✓ Quick assembly and disassembly in less than 2 minutes
- ✓ Curved applications to 45 degrees
- ✓ Safe in proximity of underground utilities
- ✓ Minimal landscape disruption
- ✓ Very low maintenance
- ✓ Quick easy cleaning
- ✓ Install up to 200 mm dia pipe
- ✓ Fits down a man hole

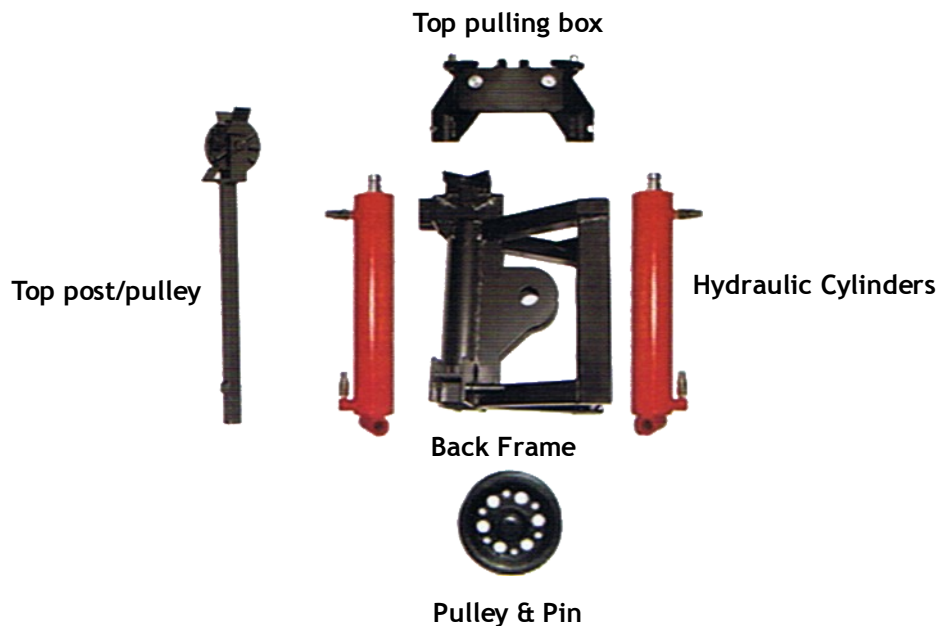

**Lighter, Smaller,
Easier To Use**

Lateral Pipe Burster

Lateral Pipe Burster Component

	40 TON
Frame	T-100 Steel – 6 mm (1/4") thick square tubing and 4.75 mm (3/16") thick square tubing
Working Pressure (oil)	3000 psi
Pulling Power	80 000 lbs
Cylinders (2 cylinders)	Sized 100 mm (4")
Pulley (Working Load)	40 t
Chain Couplers (3)	3
Pulling & Retaining Latches	40 t
Chain - 15 mm (5/8")	30 m Syst 10, Gr 100
Relief Valve (Set at 3000 psi)	✓
Power Supply	9 Hp Honda
Maximum Pipe Bursting Size	200 mm (8")
Breaking Cone Material	4140 tool steel (heat treated)
Length	500 mm (20")
Height	635 mm (25")
Width	405 mm (16")
Weight	100 Kg (220 lbs)
Work Space Required	610 mm x 910 mm (24" x 36")

Honda Power Pack 9 Hp gas engine	2 Stage Pump	Stage 1 Low Pressure 1100 psi – low volume 6 GPM Stage 2 High Pressure 3000 psi – low volume 1.8 GPM
----------------------------------	--------------	---

Lateral Pipe Burster : What Does It Cost?

The price includes all the accessories needed to get the machine up and running on a real bursting job. We provide a range of bursting cones, so you can tackle a common range of pipe sizes right from the start, no additional bursting equipment is required to get up and going.

<i>The Complete 40 T Lateral Pipe Burster</i>	
	<p>The Complete Set include :</p> <ul style="list-style-type: none">• Chain winch 40T• 9Hp Honda Hydraulic power pack• 30m of Heavy Duty chain• Splitting Arrow and cone axle• 150mm and 200mm diameter Bursting Cone <p>Total : \$38,000.00</p>

For further information on how our system works, you can have a look at our 40T Lateral Pipe Burster in action on our website. You may have already had a look at this video, but just in case you haven't, here it is again. The video shows the 40T burster in action and you can see just how easy and safe our 40T Lateral Pipe Burster is to use.
